

FIGHT BREAST CANCER – HELP FIND A CURE! *BE THE RESEARCH!*

A UGA BREAST CANCER GENETICS RESEARCH STUDY NEEDS YOUR HELP!

DID YOU KNOW: 80% of Breast Cancer patients DO NOT have the So-called ‘Breast Cancer Gene’. Many other genes may be involved and might be targeted for effective treatment

WHAT WE DO: Our genetics studies are uncovering these new genes involved in breast cancer risk.

HOW YOU CAN HELP: Donate a **TABLESPOON OF BLOOD!** That’s all it takes!

WHAT YOU WILL GET?: A small monetary gift (\$25 gift card), A “BE THE RESEARCH” certificate and a lifetime of gratitude!
